Our services

We focus on our customers and design our services around their needs. We are expanding the Group's life, non-life, health and pension insurance services, asset management business and other complementary activities. This allows us to strengthen and refine our service range, evolving into a comprehensive provider of services at all stages of our customers' lives. Thus, we make sure that each customer is Among Good People, because at the Sava Insurance Group we always place them at the centre and work towards the best possible solutions for them.

Figures are as at and for the year ending 31 December 2025. The percentages in green indicate the ownership stakes held by Sava Insurance Group companies.

Three Group key development paths in 2023–2027

CUSTOMER AT THE CENTRE

as a key priority of the previous strategy, which we aim to develop further to get even closer to our customers and their needs and wishes.

OPTIMISATION OF BUSINESS PROCESSES

necessitated by the information, communication and organisational changes required by the environment, regulation and our strategic customer focus.

SUSTAINABILITY ACTION

to follow regulation and our own commitment as a group to work towards sustainability in the three key areas: environment, society and governance.
